GRADING SYSTEM

SCALE OF GRADING

The following scale of grading system is applied to indicate the performance of students in a particular course in terms of letter grade and grade point:

Letter Grade with Meaning		Grade Point
O	**Outstanding**	**10 (Marks securing 91 and above)**
A+	**Excellent**	**9 (Marks securing 81-90)**
A	**Very Good**	**8 (Marks securing 71-80)**
B+	**Good**	**7 (Marks securing 61-70)**
B	**Above Average**	**6 (Marks securing 51-60)**
C	**Average**	**5 (Marks Securing above 41-50)**
P	**Pass**	**4 (Marks Securing 40)**
P	**Pass with (G*)**	**4 (Marks Securing 40)**
F	**Fail**	**0 (Marks Securing less than 40)**
Abs	**Absent**	**0**

*Exclusive Class Interval Technique shall be followed in calculation of Grade Point. If a candidate secures 'F' grade in a Course, or 'Abs' (Absent/Incomplete) he/she shall have to reappear in the Course in the next legitimate chance.

- CALCULATION OF SGPA AND CGPA:

SGPA (Semester Grade Point Average) (Si) = $(\sum C_i G_i)/(\sum C_i)$

C_i= Number of credits for the i^{th} course

G_i= Grade point obtained in the i^{th} course

The SGPA is the ratio of the sum of the product of the number of credits with the grade points scored by a student in all the courses taken by a student and the sum of the number of credits of all the courses undergone by a student.

CGPA (Cumulative Grade Point Average)

The CGPA is also calculated in the same manner taking in to account all the courses undergone by a student over all the semesters of a programme.

$$CGPA(S_i) = \sum C_i S_i / \sum C_i$$

The SGPA and CGPA shall be rounded off to two decimal points and reported in the Grade Sheet/Transcripts.

Conversion of CGPA in to percentage (%): CGPA will be multiplied by 10.

Percentage of marks= (CGPA×10)

GRADING SYSTEM

SCALE OF GRADING

The following scale of grading system is applied to indicate the performance of students in a particular course in terms of letter grade and grade point:

Letter Grade with Meaning		Grade Point
O	**Outstanding**	**10 (Marks securing 91 and above)**
A+	**Excellent**	**9 (Marks securing 81-90)**
A	**Very Good**	**8 (Marks securing 71-80)**
B+	**Good**	**7 (Marks securing 61-70)**
B	**Above Average**	**6 (Marks securing 51-60)**
C	**Average**	**5 (Marks Securing above 41-50)**
P	**Pass**	**4 (Marks Securing 40)**
P	**Pass with (G*)**	**4 (Marks Securing 40)**
F	**Fail**	**0 (Marks Securing less than 40)**
Abs	**Absent**	**0**

*Exclusive Class Interval Technique shall be followed in calculation of Grade Point. If a candidate secures 'F' grade in a Course, or 'Abs' (Absent/Incomplete) he/she shall have to reappear in the Course in the next legitimate chance.

- CALCULATION OF SGPA AND CGPA:

SGPA (Semester Grade Point Average) (Si) = $(\sum C_i G_i)/(\sum C_i)$

C_i= Number of credits for the i^{th} course

G_i= Grade point obtained in the i^{th} course

The SGPA is the ratio of the sum of the product of the number of credits with the grade points scored by a student in all the courses taken by a student and the sum of the number of credits of all the courses undergone by a student.

CGPA (Cumulative Grade Point Average)

The CGPA is also calculated in the same manner taking in to account all the courses undergone by a student over all the semesters of a programme.

$$CGPA(S_i) = \sum C_i S_i / \sum C_i$$

The SGPA and CGPA shall be rounded off to two decimal points and reported in the Grade Sheet/Transcripts.

Conversion of CGPA in to percentage (%): CGPA will be multiplied by 10.

Percentage of marks= (CGPA×10)

GRADING SYSTEM

SCALE OF GRADING

The following scale of grading system is applied to indicate the performance of students in a particular course in terms of letter grade and grade point:

Letter Grade with Meaning		Grade Point
O	**Outstanding**	**10 (Marks securing 91 and above)**
A+	**Excellent**	**9 (Marks securing 81-90)**
A	**Very Good**	**8 (Marks securing 71-80)**
B+	**Good**	**7 (Marks securing 61-70)**
B	**Above Average**	**6 (Marks securing 51-60)**
C	**Average**	**5 (Marks Securing above 41-50)**
P	**Pass**	**4 (Marks Securing 40)**
P	**Pass with (G*)**	**4 (Marks Securing 40)**
F	**Fail**	**0 (Marks Securing less than 40)**
Abs	**Absent**	**0**

*Exclusive Class Interval Technique shall be followed in calculation of Grade Point. If a candidate secures 'F' grade in a Course, or 'Abs' (Absent/Incomplete) he/she shall have to reappear in the Course in the next legitimate chance.

- CALCULATION OF SGPA AND CGPA:

SGPA (Semester Grade Point Average) (Si) = $(\sum C_i G_i)/(\sum C_i)$

C_i= Number of credits for the i^{th} course

G_i= Grade point obtained in the i^{th} course

The SGPA is the ratio of the sum of the product of the number of credits with the grade points scored by a student in all the courses taken by a student and the sum of the number of credits of all the courses undergone by a student.

CGPA (Cumulative Grade Point Average)

The CGPA is also calculated in the same manner taking in to account all the courses undergone by a student over all the semesters of a programme.

$$CGPA(S_i) = \sum C_i S_i / \sum C_i$$

The SGPA and CGPA shall be rounded off to two decimal points and reported in the Grade Sheet/Transcripts.

Conversion of CGPA in to percentage (%): CGPA will be multiplied by 10.

Percentage of marks= (CGPA×10)

GRADING SYSTEM

SCALE OF GRADING

The following scale of grading system is applied to indicate the performance of students in a particular course in terms of letter grade and grade point:

Letter Grade with Meaning		Grade Point
O	**Outstanding**	**10 (Marks securing 91 and above)**
A+	**Excellent**	**9 (Marks securing 81-90)**
A	**Very Good**	**8 (Marks securing 71-80)**
B+	**Good**	**7 (Marks securing 61-70)**
B	**Above Average**	**6 (Marks securing 51-60)**
C	**Average**	**5 (Marks Securing above 41-50)**
P	**Pass**	**4 (Marks Securing 40)**
P	**Pass with (G*)**	**4 (Marks Securing 40)**
F	**Fail**	**0 (Marks Securing less than 40)**
Abs	**Absent**	**0**

*Exclusive Class Interval Technique shall be followed in calculation of Grade Point. If a candidate secures 'F' grade in a Course, or 'Abs' (Absent/Incomplete) he/she shall have to reappear in the Course in the next legitimate chance.

- CALCULATION OF SGPA AND CGPA:

SGPA (Semester Grade Point Average) (Si) = $(\sum C_i G_i)/(\sum C_i)$

C_i= Number of credits for the i^{th} course

G_i= Grade point obtained in the i^{th} course

The SGPA is the ratio of the sum of the product of the number of credits with the grade points scored by a student in all the courses taken by a student and the sum of the number of credits of all the courses undergone by a student.

CGPA (Cumulative Grade Point Average)

The CGPA is also calculated in the same manner taking in to account all the courses undergone by a student over all the semesters of a programme.

$$CGPA(S_i) = \sum C_i S_i / \sum C_i$$

The SGPA and CGPA shall be rounded off to two decimal points and reported in the Grade Sheet/Transcripts.

Conversion of CGPA in to percentage (%): CGPA will be multiplied by 10.

Percentage of marks= (CGPA×10)

GRADING SYSTEM

SCALE OF GRADING

The following scale of grading system is applied to indicate the performance of students in a particular course in terms of letter grade and grade point:

Letter Grade with Meaning		Grade Point
O	**Outstanding**	**10 (Marks securing 91 and above)**
A+	**Excellent**	**9 (Marks securing 81-90)**
A	**Very Good**	**8 (Marks securing 71-80)**
B+	**Good**	**7 (Marks securing 61-70)**
B	**Above Average**	**6 (Marks securing 51-60)**
C	**Average**	**5 (Marks Securing above 41-50)**
P	**Pass**	**4 (Marks Securing 40)**
P	**Pass with (G*)**	**4 (Marks Securing 40)**
F	**Fail**	**0 (Marks Securing less than 40)**
Abs	**Absent**	**0**

*Exclusive Class Interval Technique shall be followed in calculation of Grade Point. If a candidate secures 'F' grade in a Course, or 'Abs' (Absent/Incomplete) he/she shall have to reappear in the Course in the next legitimate chance.

- CALCULATION OF SGPA AND CGPA:

SGPA (Semester Grade Point Average) (Si) = $(\sum C_i G_i)/(\sum C_i)$

C_i= Number of credits for the i^{th} course

G_i= Grade point obtained in the i^{th} course

The SGPA is the ratio of the sum of the product of the number of credits with the grade points scored by a student in all the courses taken by a student and the sum of the number of credits of all the courses undergone by a student.

CGPA (Cumulative Grade Point Average)

The CGPA is also calculated in the same manner taking in to account all the courses undergone by a student over all the semesters of a programme.

$$CGPA(S_i) = \sum C_i S_i / \sum C_i$$

The SGPA and CGPA shall be rounded off to two decimal points and reported in the Grade Sheet/Transcripts.

Conversion of CGPA in to percentage (%): CGPA will be multiplied by 10.

Percentage of marks= (CGPA×10)

GRADING SYSTEM

SCALE OF GRADING

The following scale of grading system is applied to indicate the performance of students in a particular course in terms of letter grade and grade point:

Letter Grade with Meaning		Grade Point
O	**Outstanding**	**10 (Marks securing 91 and above)**
A+	**Excellent**	**9 (Marks securing 81-90)**
A	**Very Good**	**8 (Marks securing 71-80)**
B+	**Good**	**7 (Marks securing 61-70)**
B	**Above Average**	**6 (Marks securing 51-60)**
C	**Average**	**5 (Marks Securing above 41-50)**
P	**Pass**	**4 (Marks Securing 40)**
P	**Pass with (G*)**	**4 (Marks Securing 40)**
F	**Fail**	**0 (Marks Securing less than 40)**
Abs	**Absent**	**0**

*Exclusive Class Interval Technique shall be followed in calculation of Grade Point. If a candidate secures 'F' grade in a Course, or 'Abs' (Absent/Incomplete) he/she shall have to reappear in the Course in the next legitimate chance.

- CALCULATION OF SGPA AND CGPA:

SGPA (Semester Grade Point Average) (Si) = $(\sum C_i G_i)/(\sum C_i)$

C_i= Number of credits for the i^{th} course

G_i= Grade point obtained in the i^{th} course

The SGPA is the ratio of the sum of the product of the number of credits with the grade points scored by a student in all the courses taken by a student and the sum of the number of credits of all the courses undergone by a student.

CGPA (Cumulative Grade Point Average)

The CGPA is also calculated in the same manner taking in to account all the courses undergone by a student over all the semesters of a programme.

$$CGPA(S_i) = \sum C_i S_i / \sum C_i$$

The SGPA and CGPA shall be rounded off to two decimal points and reported in the Grade Sheet/Transcripts.

Conversion of CGPA in to percentage (%): CGPA will be multiplied by 10.

Percentage of marks= (CGPA×10)

GRADING SYSTEM

SCALE OF GRADING

The following scale of grading system is applied to indicate the performance of students in a particular course in terms of letter grade and grade point:

Letter Grade with Meaning		Grade Point
O	**Outstanding**	**10 (Marks securing 91 and above)**
A+	**Excellent**	**9 (Marks securing 81-90)**
A	**Very Good**	**8 (Marks securing 71-80)**
B+	**Good**	**7 (Marks securing 61-70)**
B	**Above Average**	**6 (Marks securing 51-60)**
C	**Average**	**5 (Marks Securing above 41-50)**
P	**Pass**	**4 (Marks Securing 40)**
P	**Pass with (G*)**	**4 (Marks Securing 40)**
F	**Fail**	**0 (Marks Securing less than 40)**
Abs	**Absent**	**0**

*Exclusive Class Interval Technique shall be followed in calculation of Grade Point. If a candidate secures 'F' grade in a Course, or 'Abs' (Absent/Incomplete) he/she shall have to reappear in the Course in the next legitimate chance.

- CALCULATION OF SGPA AND CGPA:

SGPA (Semester Grade Point Average) (Si) = $(\sum C_i G_i)/(\sum C_i)$

C_i= Number of credits for the i^{th} course

G_i= Grade point obtained in the i^{th} course

The SGPA is the ratio of the sum of the product of the number of credits with the grade points scored by a student in all the courses taken by a student and the sum of the number of credits of all the courses undergone by a student.

CGPA (Cumulative Grade Point Average)

The CGPA is also calculated in the same manner taking in to account all the courses undergone by a student over all the semesters of a programme.

$$CGPA(S_i) = \sum C_i S_i / \sum C_i$$

The SGPA and CGPA shall be rounded off to two decimal points and reported in the Grade Sheet/Transcripts.

Conversion of CGPA in to percentage (%): CGPA will be multiplied by 10.

Percentage of marks= (CGPA×10)

GRADING SYSTEM

SCALE OF GRADING

The following scale of grading system is applied to indicate the performance of students in a particular course in terms of letter grade and grade point:

Letter Grade with Meaning		Grade Point
O	**Outstanding**	**10 (Marks securing 91 and above)**
A+	**Excellent**	**9 (Marks securing 81-90)**
A	**Very Good**	**8 (Marks securing 71-80)**
B+	**Good**	**7 (Marks securing 61-70)**
B	**Above Average**	**6 (Marks securing 51-60)**
C	**Average**	**5 (Marks Securing above 41-50)**
P	**Pass**	**4 (Marks Securing 40)**
P	**Pass with (G*)**	**4 (Marks Securing 40)**
F	**Fail**	**0 (Marks Securing less than 40)**
Abs	**Absent**	**0**

*Exclusive Class Interval Technique shall be followed in calculation of Grade Point. If a candidate secures 'F' grade in a Course, or 'Abs' (Absent/Incomplete) he/she shall have to reappear in the Course in the next legitimate chance.

- CALCULATION OF SGPA AND CGPA:

SGPA (Semester Grade Point Average) (Si) = $(\sum C_i G_i)/(\sum C_i)$

C_i= Number of credits for the i^{th} course

G_i= Grade point obtained in the i^{th} course

The SGPA is the ratio of the sum of the product of the number of credits with the grade points scored by a student in all the courses taken by a student and the sum of the number of credits of all the courses undergone by a student.

CGPA (Cumulative Grade Point Average)

The CGPA is also calculated in the same manner taking in to account all the courses undergone by a student over all the semesters of a programme.

$$CGPA(S_i) = \sum C_i S_i / \sum C_i$$

The SGPA and CGPA shall be rounded off to two decimal points and reported in the Grade Sheet/Transcripts.

Conversion of CGPA in to percentage (%): CGPA will be multiplied by 10.

Percentage of marks= (CGPA×10)

GRADING SYSTEM

SCALE OF GRADING

The following scale of grading system is applied to indicate the performance of students in a particular course in terms of letter grade and grade point:

Letter Grade with Meaning		Grade Point
O	**Outstanding**	**10 (Marks securing 91 and above)**
A+	**Excellent**	**9 (Marks securing 81-90)**
A	**Very Good**	**8 (Marks securing 71-80)**
B+	**Good**	**7 (Marks securing 61-70)**
B	**Above Average**	**6 (Marks securing 51-60)**
C	**Average**	**5 (Marks Securing above 41-50)**
P	**Pass**	**4 (Marks Securing 40)**
P	**Pass with (G*)**	**4 (Marks Securing 40)**
F	**Fail**	**0 (Marks Securing less than 40)**
Abs	**Absent**	**0**

*Exclusive Class Interval Technique shall be followed in calculation of Grade Point. If a candidate secures 'F' grade in a Course, or 'Abs' (Absent/Incomplete) he/she shall have to reappear in the Course in the next legitimate chance.

- CALCULATION OF SGPA AND CGPA:

SGPA (Semester Grade Point Average) (Si) = $(\sum C_i G_i)/(\sum C_i)$

C_i= Number of credits for the i^{th} course

G_i= Grade point obtained in the i^{th} course

The SGPA is the ratio of the sum of the product of the number of credits with the grade points scored by a student in all the courses taken by a student and the sum of the number of credits of all the courses undergone by a student.

CGPA (Cumulative Grade Point Average)

The CGPA is also calculated in the same manner taking in to account all the courses undergone by a student over all the semesters of a programme.

$$CGPA(S_i) = \sum C_i S_i / \sum C_i$$

The SGPA and CGPA shall be rounded off to two decimal points and reported in the Grade Sheet/Transcripts.

Conversion of CGPA in to percentage (%): CGPA will be multiplied by 10.

Percentage of marks= (CGPA×10)
