2022-23	Commerce	Moderate	Neutral	Moderate	50-69%	Agree	1. Enhanced Interactive Learning Tools: Incorporate more interactive technology, like smart boards, digital quizzes, and real-time feedback tools, to make classes more engaging and adaptive to student needs. This can improve student focus and facilitate better understanding through visual aids and interactive elements. 2. Practical, Hands-on Learning: Increase opportunities for practical learning experiences, such as workshops, labs, and industry collaborations. Real-world applications of theoretical knowledge can make learning more meaningful and better prepare students for their future careers. 3. Personalized Support and Mentorship Programs: Establish mentorship programs where faculty members or senior students mentor juniors, offering guidance on academics, career paths, and personal development. Additionally, personalized support through regular feedback sessions can help address individual student concerns and improve their overall learning experience.
