Rangapara College

Special Classes taken by the Department of Political Science for the slow learners

DEPARTMENT OF BOTANY, RANGAPAR COLLEGE

Identification of advance and slow learner

The department conducts regular assessments to evaluate the learning levels of students and identify advanced learners and slow learners. For advanced learners, special enrichment programs such as workshops, seminars, and research projects are organized to challenge their intellectual capabilities and foster deeper understanding. These programs aim to enhance their critical thinking, problem-solving, and leadership skills.

For slow learners, remedial classes, peer mentoring, and personalized guidance are provided to address their learning gaps. Faculty members adopt innovative teaching methods and offer additional support materials to simplify complex concepts. The department also tracks the progress of these students through continuous feedback and regular assessments, ensuring their improvement.

Both initiatives aim to create an inclusive learning environment that caters to diverse needs, fosters academic growth, and promotes holistic development, ensuring every student achieves their full potential.
